Pizza Republica is a charming Italian trattoria with wood-fired brick oven Neapolitan pizza, authentic Italian cuisine, and an extensive Italian wine list. It is conveniently located in Greenwood Village's dining and shopping center, The Landmark. The inspiration for Pizza Republica stems from a passion for the authentic, fire-roasted pizzas born in Naples and found throughout Italy. For a century and a half, the pizza makers, or "pizzaioli," of Naples have been producing unique, mouth-watering pizzas using the freshest ingredients available and Pizza Republica strives to emulate those pizzas. Their Neapolitan-style pizzas are cooked rapidly in a fire-stoked oven that crisps the crust with a charbroiled, smoky flavor and perfectly melts the handmade buffalo mozzarella. The wine list is comprised of more than 150 bottles, with over 20 available by the glass, and features both well-known and eclectic selections. Pizza fans and wine aficionados alike will visit Pizza Republica with similar intentions: to enjoy the flavors of Italy!
